INTRODUCTION

The Sunreef 60R, a 2007 catamaran, is now available for sale. This exceptional vessel is the product of one of the world's most prestigious shipyards, renowned for designing and manufacturing luxury multihulls, both sailing and motor-powered.

The exterior design features a striking 30-metre carbon mast and interconnected carbon skates, with a hull structure boasting 30% more composite material than other catamarans, enhancing both safety and stability. The spacious cockpit and flybridge are equipped with plush sundecks, offering ample space for relaxation throughout the vessel.

The interior is meticulously designed, providing six double en-suite cabins: two aft, two forward, and two crew cabins in the bow, along with an additional guest bathroom. The saloon and kitchen are fully equipped with modern appliances, ensuring a luxurious and comfortable experience onboard. The Sunreef 60R comfortably accommodates 12 passengers and sleeps 10.

In terms of performance, the Sunreef 60R is powered by two 150 HP YANMAR JH3 DTE engines, offering efficient and safe navigation.

Notably, the yacht underwent a significant refit in April 2024, with an investment of approximately €12,000.

The refit included:

- Installation of new anodes on both propellers
- Cleaning and sanding of both propellers
- Replacement of four electric bilge pumps
- Hull inspection and review
- Application of antifouling
- Full review of the electrical circuit
- Inspection of propellers, shafts, and rudders

This comprehensive refit ensures the Sunreef 60R is in excellent condition, ready to deliver a premium sailing experience.
