Introducing the **Tecnomar for Lamborghini 63**, a masterpiece of innovation and luxury, born from the collaboration between Lamborghini and The Italian Sea Group. This limited-edition motor yacht, inspired by Lamborghini's first hybrid super sports car, the Sián FKP 37, celebrates the iconic brand's founding year with unparalleled style and performance.

Equipped with twin MAN V12 2000HP engines, it stands as the fastest yacht in the Tecnomar fleet. Crafted with carbon fiber, a hallmark of Lamborghini's lightweight design, this 63-foot marvel weighs just 24 tons, offering extraordinary speed, agility, and elegance on the water.

As Stefano Rutigliano, Strategy Director of Automobili Lamborghini, puts it: "This yacht embodies the essence of Lamborghini DNA, sailing the seas with the same spirit and passion as our supercars race across the asphalt."
