

GLACIER 48

YEAR	LENGTH	LOCATION	ASKING PRICE
2022	14.66 M	BARCELONA SPAIN	1.400.000 € VAT NOT PAID

INTRODUCTION

This Glacier 48, built by the esteemed Latvian shipyard Glacier Yachts, is now available for sale. Launched in 2022, this yacht exemplifies sporty design, advanced engineering, and superior craftsmanship, with a focus on high-quality aluminum construction.

Measuring 14.66 meters in length with a 4.40-meter beam, the Glacier 48 provides spacious interiors and deck areas that create a luxurious and comfortable atmosphere for all onboard.

The yacht's interior offers two well-appointed cabins and a bathroom, along with a galley and saloon. Despite its aluminum construction, high-end materials such as fine woods and luxury textiles have been used throughout to create a warm, inviting ambiance. The lighting design also adds to the refined and cozy feel of the space.

Powered by twin VOLVO PENTA D8 IPS800 engines, each delivering 600hp, the Glacier 48 boasts excellent performance, reaching speeds of up to 35 knots and cruising comfortably at 27 knots. Its smooth and stable ride ensures an enjoyable experience, even in challenging sea conditions.

At the bow, the yacht features an integrated anchor system and a large sundeck, while the stern includes a comfortable seating area with a table and a bathing area. If desired, a bathing platform can be added by the shipyard for additional convenience.

This yacht is in pristine, unused condition, having only been showcased at recent boat shows.

Currently under the Latvian flag, the yacht's price excludes VAT.

Buyers also have the option to include certain extras, such as a hydraulic platform, or to commission a new model built to their preferences, including a 48 OPEN version. Further details are available upon request.
