INTRODUCTION

The 2023 Sealine S430 is a brand-new luxury yacht built by Sealine Shipyards, a company established in 1972 in Great Britain, renowned for its high-quality craftsmanship and strong reputation in the maritime industry. Known for blending elegant design, technological innovation, and superior performance, Sealine boats embody decades of expertise and a passion for sailing. A standout feature of the S430 is its innovative hull design, which incorporates advanced technology to enhance fuel efficiency and ensure a smooth, stable ride. The yacht measures 11.73 meters in length with an overall length of 13.55 meters.

Externally, the Sealine S430 boasts a sleek, modern design with flowing lines that improve both aerodynamics and aesthetics. It includes a spacious, integrated bathing platform and well-defined side walkways for easy mobility. Teak decking covers the side and bow areas, adding a touch of elegance. The cockpit features a U-shaped settee that can be electrically converted into two L-shaped lounges, accompanied by an electrically adjustable rear backrest for added comfort and versatility.

Inside, the yacht combines luxury and functionality with a spacious, modern layout. The design maximizes living space with bright, well-lit areas and top-tier finishes. It includes a fully equipped galley and comfortable living spaces perfect for relaxation and socializing. The Sealine S430 accommodates up to four guests overnight in two cabins, each equipped with private bathrooms. This layout provides optimal comfort and privacy for both owners and guests. The cabins are thoughtfully designed to maximize space and create a cozy yet functional atmosphere.

Performance-wise, the Sealine S430 is powered by two Volvo Penta IPS600 engines, each delivering 440 hp, featuring joystick-controlled transmissions and T4 propellers. These engines are brand new with zero operating hours.

*This yacht is Spanish-flagged and VAT paid.
